Mike,

The H&S records go back pretty far. Some, all the way back to the 80's. I looked in your file and the only documentation we have for you is your first aid/CPR training. If you have a certificate or any type of documentation, please provide it to me. However, you haven't kept up with your annual HAZWOPER refresher training so by now, your initial training would be expired.

Kendra. Thanks for the update. Just curious how far back records go. I did some abbreviated hazwopr training after Katrina Rita and Ike responses. Maybe as late as 2008? Lisa might recall we had some mandatory training for the Branch. I understand it will make no difference for this event, but I am interested to know if that was captured along with ICS training.

Susan

Mike McCorkhill has not completed the 24hr initial HAZWOPER training nor any other H&S training. **Therefore he is not authorized to deploy in support of the Gold King Mine Spill.**

Donn Walters is overdue on his annual 8hr HAZWOPER refresher training; last date of training was on 5/21/14. **Therefore he is not authorized to deploy in support of the Gold King Mine Spill.**

Please let me know if you have any questions.
